Beschreibung

"In the seven-and-a-half bars of the introduction, many people will immediately recognize - and others will be introduced to - the unique sound of Vienna Art Orchestra. In the twenty years of its existence, the VAO has become a real institution in Europe, and a source inspiration for musicians in and outside the continent. And many great artists have supported this band with their encouragement, among them, Joe Lovano. His presence on this recording is not a coincidence; it's real honor. Talking again about "sound" his sound is unmistakable, his exposure of the theme so lyrical that it sounds as if the lyrics were spoken; his phrasing is superb, the interpretation of the verse (here used as an interlude) a thrill.

A masterpiece of musical intelligence - it's Joe Lovano!"
